### **HOW TO SELECT YOUR SIZE:**

### Shirt / Blouse

Measure shoulder to shoulder in inches by placing the measuring tape at the tip of your child's left shoulder to his/ her right shoulder with their back facing you.

Take note of your length measured. E.g., if the shoulder length is 17 inches, you may purchase either size 17 or size 18. It is recommended to purchase one size bigger.

# Skirt / Shorts / Long Pants

Measure the waist circumference in inches by placing the measuring tape around your child's navel area.

Our sizing goes by even number. If you measured your child's waist circumference to be 25.5 inches, please purchase size 26. It is recommended to purchase the next nearest size/ one size up.

### PE T-Shirt

Measure the chest circumference by placing the measuring tape around your child's upper chest area.

Take note of the measurement and if the chest circumference is 36 inches, you may purchase either size 36 or 38. It is recommended to purchase one size bigger.

# Shoes (Black / white)

Place your foot on a piece of paper and mark the two furthest points from your heel to your longest toe, then take the measurement from point to point.
